The Northfield Chateau – Remembered, Revisited

Great Falls Discovery Center, 2 Avenue A

Jack Nelson presents an architecturally accurate ceramic model of the Northfield Chateau. The exhibit includes interior and exterior photos, artifacts, a brief history of the architect Bruce Price, a brief history of the owner Francis Robert Schell, and, perhaps, most important, the usage of the Chateau as it evolved overtime to a most revered building with decades of memories. View a six-foot panorama photograph taken from the roof of the Chateau in 1906 upon completion of the Chateau.
